

C.V

Dr Thomas W. Örtendahl achieved his dental degree from the Faculty of Odontology, University of Gothenburg in 1983. After three years in general dentistry and one year at a specialist clinic in Älvsborg County Council he entered the Orthodontic Graduate program at the Faculty of Odontology, University of Gothenburg in 1987. In 1987 he presented his thesis at the Faculty of Odontology, University of Gothenburg in 1987.

In 1990 he received an orthodontic certificate. 1989 he started a private orthodontic clinic in the region of Gothenburg which now has become the most productive private orthodontic office in the region. He works with both traditional aesthetic techniques as well as lingual orthodontics and Invisalign. He has been responsible for certification of new Invisalign doctors in Sweden for several years. Dr Örtendahl has been working with national as well as international course- and congress arrangements. He is also a member of the Swedish Dental Society and the European Orthodontic Society.

Dr Thomas W. Örtendahl has been assoc. professor at the department of Orthodontics, Faculty of Odontology, University of Gothenburg 1992-1995. He was also clinical instructor and worked with the International Postgraduate Program at the faculty. Dr Örtendahl has given presentations to a number of deontological societies such as the Scandinavian Orthodontic Society, European Orthodontic Society, Swedish Orthodontic Society, International Association for Dental Research, Scandinavian Association for Dental Research as well as the European Underwater Biological Society. He is honorary citizen of Argentina for his work with education on postgraduate level. He has also been

invited to give presentations at the Federation Dentaire Internationale (FDI) and will present “State of the art in Orthodontics” in the FDI meeting 2008.

During the last 8 years a number of presentations about the subject **The aesthetic biological concept** have been held in Europe, Asia, North- , Latin- and South America.
