

4th ORTO RIO PREMIUM ORTHODONTICS AND AESTHETICS INTERNATIONAL CONGRESS OF ORTHODONTICS IN RIO DE JANEIRO

July 20-22, 2006

**Venue: Naval War College (Auditorium)
Av. Pasteur no. 480 – Praia Vermelha
Rio de Janeiro, RJ, Brazil**

Dear Colleagues:

The Brazilian Society of Orthodontics celebrated its 50th anniversary in August 2005, with a magnificent event featuring international guest speakers Herbert Klontz, Harry Legan, Ravindra Nanda, German Ramirez, Raymond M. Fugiyama, Mauricio González Balut, and Sten Linder-Aronson.

This year we will be holding our traditional biannual congress, the 4th Orto Rio Premium, with the following international guest lecturers: Jesús Fernandez (Spain), André Hörn and Isabelle Thiers (France), Lionel Sadowsky (USA), and Derek Mahony (Australia), in addition to seven of the top Brazilian scientific experts, who will discuss a broad range of aspects in the quest for aesthetics in orthodontics.

We have decided to publicize and extend this invitation to member orthodontists from other societies affiliated with the World Federation of Orthodontics (WFO), who will also have the opportunity to visit one of the most beautiful cities in the world.

The Convention Center for the event is located next to the Sugarloaf Mountain cable car station, so that a visit to one of our most traditional tourist attractions will be possible even during a lunch break. The meeting will take place in a single auditorium, so that participants will have access to all the lectures.

International participants can register using their VISA credit cards.

Airline and hotel reservations can be made through Agência Roxy de Turismo Ltda. with Ms. Zélia, at the following e-mail: zelia@roxytravel.com.br

We look forward to sharing these enjoyable moments with you.

4th ORTO RIO PREMIUM ORTHODONTICS AND AESTHETICS INTERNATIONAL CONGRESS OF ORTHODONTICS IN RIO DE JANEIRO

July 20-22, 2006
Venue: Naval War College (Auditorium)
Av. Pasteur no. 480 – Praia Vermelha
Rio de Janeiro, RJ, Brazil

Dear Colleagues:

In 2005, the Brazilian Society of Orthodontics celebrated its 50th anniversary. We are preparing to hold another magnificent event this year, the 4th ORTO RIO PREMIUM, aimed at combining scientific activities featuring the most significant advances in contemporary Orthodontics with comfort and well-being for our Congress participants.

We have thus invited a select group of faculty and chosen the auditorium with the best facilities in Rio de Janeiro, at the Naval War College, on a square located at Praia Vermelha, an area featuring both top security and free parking.

This square features the station for the cable cars going up to Sugarloaf and is located right next to Urca, a traditional neighborhood providing the backdrop for photographs of this world-famous mountain, with a spectacular view of the sailboats and yachts dotting Botafogo cove as well as a stunning view of Corcovado Mountain with the Christ the Redeemer statue.

It is our pleasure to welcome you to the event.
